

From The President & Founder of
People Helping Others Excel By Example
The Uzrui Project ~ The Beauty Of Our Legacy

Greetings Members & Friends of P.H.O.E.B.E!

Catch The Vision...New Beginnings! This year is going to finish off anticlimactic! The new theme, *Catch The Vision ... New Beginnings* will be highlighted with three very special events throughout the rest of this year. Each new, different and exciting! Please visit our Events page to get more information.

As I am sure you have noticed we have changed our tag line ... We are running with it! It explains what we feel each and every time we pick up a camera or a hand held cassette and sit with a senior adult and ask them to "Remember When..." Thanks to Rev. Harold Eichelberger, Pastor of Haven United Methodist Church for making the suggestion!

In addition to these three programs, we will be filming more oral histories, building new relationships, community partnerships and finally, creating a book of memories that will cover our 15 year tenure and writing that book you have been waiting for!

Stay with us there is so much more to come ... Remember in the United States, October is "*Family History Month*" ... so get those pictures together, scan them into the computer, make a DVD, put names on the ones that you remember and ask the elders in the family to help with the ones that you don't ... make it a party, they will love the time you spend with them.

God Bless you,

Cheryl
